

# **Memorandum of Agreement**

## **High Country NCWorks Career Center System**

This Memorandum of Agreement (MOA) (hereinafter, "this Agreement") is entered into between the High Country Workforce Development Board [hereinafter "WDB"] acting as the entity responsible for oversight of the local workforce delivery system, the High Country Chief Elected Official [hereinafter "CEO"], Mayland Community College [the Avery, Mitchell & Yancey NCWorks Career Center Operator], the North Carolina Department of Commerce, Division of Workforce Solutions [hereinafter DWS], ResCare Workforce Services [Alleghany, Ashe, Watauga and Wilkes NCWorks Career Center Operator] and other designated partner agencies [hereinafter "partners"].

This Agreement sets forth the terms of cooperation and support in building and maintaining an integrated service delivery system in the High Country seven-county area, which is characterized by integrated career center staffing, integrated customer pool, integrated customer flow, and integrated technology for our Career Centers. The parties to this Agreement will work cooperatively to provide high quality services which are responsive to the needs of workers and businesses and to the economic viability of all communities in the High Country area, with the primary focus of connecting citizens to employment in a timely and effective manner.

By signatures to this MOA, the parties agree to abide by the terms, conditions, goals, policies, principles and regulations of the N.C. Department of Commerce, Division of Workforce Solutions for the purpose of Title I of the Workforce Innovation and Opportunity Act, the NCWorks Commission, and the High Country Workforce Development Board.

### **SECTION I: Purpose**

#### **Vision**

The vision for the Career Center System is that all customers of the system will be served by staff organized by function, rather than by program or funding source, through a customer-focused, skill-based, integrated service delivery strategy in Alleghany, Ashe, Avery, Mitchell, Watauga, Wilkes and Yancey Counties.

High Country's NCWorks Career Centers will provide integrated services to better serve customers - both individuals and employers. This system will feature an integrated customer flow that responds to customer need(s), fulfilled by cross-trained teams, with functional and formal leadership funded by both Wagner-Peyser and WIOA Title I, and other partners, as appropriate.

## **SECTION VI: Center Operations**

### **Mutual Understandings**

The revision of the Career Center system to an integrated service delivery model enhances the movement towards a seamless, unified approach and emphasizes the need for and support of partner collaboration across the seven-county region. Under this model, DWS and the WDB will integrate their staff and any WIOA contractor staff, to shift from program specific organizations to an integrated services approach. All local Career Center staff and partner staff will be integrated into functional units not separated by program or funding stream. While WIOA and Wagner-Peyser funded staff are the foundation of this new approach to service delivery, other partners and programs are needed and encouraged to participate in the staffing, as well as the success of a Career Center.

The WDB and Career Center staff and partner staff will work together to implement integrated customer flow designed to respond to customer need in addition to program requirements. Staff-assisted services will be emphasized and Center services will be continuously promoted and provided until the customer's goal has been achieved. The Career Center customer flow of services will include three major functions: welcome, skill development, and employment. (Refer to: *Shared Accountability* here as Attachment A)

Using regional labor market information, the Center will design and provide services to meet the needs of employers and jobseeker customers.

All Career Center customers will be provided with the opportunity to assess their skills, improve their skills, and obtain the best job possible with their skills. The goal is that all job seekers that enter a Career Center will leave as better job candidates because of the value-added services received. The WDB and Career Center staff and partner staff will develop a system where customers move easily within the labor market, continuing to further their education and training over a lifetime to advance in their careers.

The Career Center customer flow will include an initial skills assessment, access to a wide range of skill development services, and/or options to improve their employment opportunities through skill upgrading, skill validating, and credentialing.

High Country's Career Centers will provide a wide range of short-term skill development opportunities through multiple service delivery methods. All services in this robust "product box" will be available to Center customers, embedded in an integrated customer flow, and easily accessed by all customers with the support of all Center staff.

## Functional Versus Formal Leadership

Career Center staff will be supervised based upon two different approaches - functional and formal supervision. The functional leader has the authority to organize and supervise staff, without regard to the program that funds an individual staff member and will focus on day-to-day supervision of service delivery efforts. The formal leader has responsibilities as the employer of record.

### The Functional Leader:

- Creates daily work schedules, team assignments, and work flow of all center staff based upon operational needs;
- Coordinates staff vacations/unscheduled absences with the formal leader to ensure service coverage by Center staff;
- Ensures staff are properly trained and provided technical assistance as needed;
- Provides constructive feedback to team staff regarding their duties;
- Facilitates communication among the other functional leaders and teams in the Center;
- Provides input to the formal leader on the work performance of staff under their purview;
- Notifies the formal leader immediately of any staff leave requests or unexcused absences, disciplinary needs, or changes in employee status;
- Identifies and facilitates the timely resolution of complaints, problems, and other issues;
- Will not have access to personnel information or disciplinary actions of Center staff unless under their direct employment;
- Provides and/or contributes to reports of Center activities as requested by the WDB or DWS;
- Will ensure open communication with the formal leader(s), Center Manager, DWS Regional Operations Director, and the WDB Director/designated WDB staff, in order to facilitate efficient and effective Center operations.

The Formal Leader has the following responsibilities only for Center staff under their purview, sometimes referred to as the employer of record.

### The Formal Leader:

- Hires, disciplines, and/or terminates staff;
- Completes performance appraisals and disciplinary actions for Center staff in concert with feedback from the functional leader;
- Approves payroll records, travel requests, and reimbursements;
- Identifies and facilitates the timely resolution of complaints, problems, and other issues;
- Approves and assists with procurement and other fiscal matters that obligate State or federal funds under their purview;
- Ensure open communication with the functional leader(s), Center Manager, DWS Regional Operations Director, and WDB Director/designated WDB staff, in order to facilitate efficient and effective Center operations.

## **SECTION VII: Specific Roles and Responsibilities**

Career Center Operators may or may not (pending local WDB discretion) designate and/or serve as Career Center Manager(s) for a specific service area and providing regional oversight.

In the event the Operator is not serving as the Career Center Manager, the Operator will work in conjunction with the Center Manager to coordinate the delivery of services for customers.

## **Attachment B: High Country NCWorks Career Center Partner Infrastructure Funding Agreement (IFA)**

### **I. Purpose**

This Infrastructure Funding Agreement (IFA) is entered into by and between the **High Country Workforce Development Board** and **High Country NCWorks Partners**. This IFA provides information on the shared infrastructure cost and/or in-kind arrangements. All partners to this IFA recognize that infrastructure costs are applicable to all required partners whether they are physically located in the NCWorks Career Center or not. Each partner's contribution to these costs, however, may vary, as these contributions are based on the proportionate use and relative benefit received.

The sharing and allocations of infrastructure costs among NCWorks partners are governed by WIOA sec. 121(b), its implementing regulations, and the Federal Cost Principles contained in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR part 200 (Uniform Guidance).

Infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the NCWorks Career Center, including: rental of the facilities, utilities and maintenance, equipment (including assessment related and assistive technology for individuals with disabilities), technology to facilitate access to the center, as well as many other infrastructure costs such as signage, supplies, etc.

### **III. Cost Allocation Methodology**

For required WIOA Career Center partners, the Local Funding Mechanism (LFM) uses funding percentage caps, which ranges from .75 to 1.5%, to determine agencies proportionate share of infrastructure costs. The LFM is used to negotiate appropriate contributions from each required partner that will be allocated to High Country workforce board as outlined below. This methodology does not include Division of Workforce Solutions (DWS) administered programs or workforce development board administered programs. For all other required partners with state agencies, infrastructure contributions will be transferred to DWS as a lump sum based on the LFM for the said agency. Once DWS receives funding from the state agency, DWS will distribute funding to the local area via the funding methodology set up for each state agency as outlined in the table below.

For required partners without a state agency, but are federally funded, LFM can be used as well, however, this negotiation will vary per workforce board and should be outlined in the table below. All federally funded required partners may not administer programs in a Workforce Board's Local Area. In that case, infrastructure cost sharing is not required.

For required partner programs administered by the Division of Workforce Solutions (DWS): Title III Wagner-Peyser Employment Services, Trade Adjustment Assistance (TAA), and Jobs for Veterans State Grants (JVSG), the cost sharing model is based on the grant employees proportionate use of the NCWorks Career Center. DWS and WDB will pay a cost per employee housed in the center. The cost per employee will be based on the total infrastructure cost of the NCWorks Career Center, where applicable.

<b>Partner agency</b>	<b>Funding Methodology</b>
Adult, Dislocated Worker, and Youth formula programs	Proportionate use – cost per employee
Job Corps	N/A
YouthBuild	N/A
Native American programs	N/A
National Farmworker Jobs Program (NFJP)	N/A
Wagner-Peyser Act Employment Service (ES) program	Proportionate use – cost per employee
Senior Community Service Employment Program (SCSEP)	Based on Title 1 WIOA Adult formula
Trade Adjustment Assistance (TAA) activities	Proportionate use – cost per employee
Unemployment Compensation (UC) programs	Based on Title 1 Dislocated Worker formula
Jobs for Veterans State Grants (JVSG) programs	Proportionate use – cost per employee
Reentry Employment Opportunities (REO) programs	N/A
Adult Education and Family Literacy Act (AEFLA) program	Based on 1.5% of each provider’s administrative budget
Carl Perkins -Career and technical education programs	Based on 1.5% of each provider’s administrative budget
Vocational Rehabilitation (VR) Services program	1. The allocation is by county and then the counties are rolled up to the appropriated Local Workforce Board. 2. 80% is allocated based on the number of people with disabilities age 18-64 within each county. 3. 13% is based on a “disability density” factor: (people aged 18-64 with disability in county / people age 18-64 in county) / (people aged 18-64 with disability in state / people age 18-64 in state). This tends to help rural counties where the “density factor” is higher. 4. 7% is allocated based on a county’s relative Fair Market Rent as compared to the state average. This tends to help counties with higher occupancy costs (occupancy is a stand-in for infrastructure costs).
Community Services Block Grant (CSBG) programs	CSBG Amount to distribute was made by applying CSBG Funding by percentage of amount spent by Community Action Agencies (entities who received CSBG Funding) for Employment Services. Each county’s percent of funding allocated was applied to this amount.
Temporary Assistance for Needy Families (TANF) program	TANF Amount to distribute was determined by counties coding (method of recording expenditures) to WFCBG for Employment Services in SFY 2016-17. The percentage of funding for each county of the total allocation of the TANF Work First County Block Grant (this funding provides dollars for Employment Services Funded with TANF) was applied to the coded expenditure amount.

*As applicable additional partners that are not required partners, funds are paid directly to the Local Area Workforce Development Board based on the partner’s proportionate use of the center as outlined in the attached table.*

#### **IV. IFA Modifications**

The partners recognize that modifications to the IFA may be necessary during the program year. Any authorized representative of a partner may make a written request for modification. In order to be valid, any modification to the IFA must be in writing, with a 30 day notice, and signed and sent to the High Country WDB director, Keith Deveraux. If the High Country WDB requests a modification, notice will be sent to the partner organization contact and address identified in section V. IFAs shall be reviewed by all partners at least **once per** year as part of the Workforce Development Board's Local Plan MOU update process.

#### **V. Partner Infrastructure Contributions**

For required partners that have a state agency, required infrastructure cost will be transferred to DWS. DWS will then distribute the funds to each board based on the methodology agreed on between the agency and the NC Director's Council.

Where DWS needs to contribute funds to a WDB, they will issue a funding authorization for the amount owed which will allow the board to draw down those funds as they are needed will work with DWS planning unit to generate the NFA for the entire amount owed to that WDB. Boards can draw the funds down as needed.

Where the WDB needs to contribute funds to DWS, DWS will issue an invoice, which will provide the required documentation and audit trail, that will allow the board to draw down the funds and write a check to DWS. The local areas that owe DWS will be invoiced that amount and tracked for receipt by our finance unit.

For partners cost sharing funds not distributed by the Division of Workforce Solutions, High Country Workforce Development Board will invoice Partner within 30 days of the signed MOU for infrastructure cost sharing effective July 1, 2018.
